Can winemaking go tankless and water-free?

Beverage daily

Wineries struggle with massive water waste during production, which is particularly hard on urban-based and small startup winemakers. The self-contained GoFermentor system wants to change that.

Chile vintage 2019: Promising vintage but yield drops across Chile

Decanter.com

Coming off of the back of what many consider the best vintage of the last decade, 2019 was always going to suffer in comparison.

Anti-transpirants could be a game-changer for vintage compression

Wine Australia

Off-the-shelf anti-transpirants could offer growers a simple and effective tool to delay fruit ripening and lessen the effects of vintage compression, preliminary results from a new Australian study suggest.

Are hybrid and ancestral wines on the rise?

Decanter.com

Made from hybrid vines, they are produced under the Vin de France labelling rules.
